

Japan-Expert (Bachelor Degree) Program Application Guidelines for AY 2026

December 2025

1. Japan-Expert (Bachelor Degree) Program

Academic Objectives	<p>Japan-Expert (bachelor degree) Program has been established to train international students who possess a Japanese outlook to further understand Japan's culture and society, and hope to find employment at relevant companies in Japan or in their own countries. Four courses of study have been established—Agricultural Science, Healthcare, Art and Design, and Japanese Language Teacher Training. Each course is designed for international students interested in Japan, aimed to provide them with the expertise and critical thinking skills they need in Japanese to detect and solve local and global issues related to their respective fields. This includes acquiring specializations in agriculture, healthcare, Japanese art or Japanese language teaching after acquiring advanced Japanese-language skills and understanding Japan's culture and society.</p>	
Admission Policy	College of Agro-Biological Resource Sciences, School of Life and Environmental Sciences (Agricultural Science Course)	<p>Students will be comprehensively evaluated on their motivation, ability to learn Japanese, and their social adaptability, such as having an interest in biological resources, which are the foundation of human survival and a safe and prosperous life. Furthermore, having an interest in Japanese agricultural and forestry research and technology, and a desire to utilize them to contribute as an agronomist in research institutions or companies related to agriculture and forestry, in Japan or abroad in the future, will also be taken into account.</p>
	College of Nursing, School of Medicine and Health Sciences (Healthcare Course)	<p>The incentive to learn basic academic skills, health care system and health care technology, ability to learn in Japanese, aptitude, sensibility, social adaptability, and sense of humanity will be comprehensively evaluated.</p>
	School of Art and Design (Japanese Art and Design Course)	<p>In addition to learning achievements in high school (upper secondary education) and Japanese language ability, the applicant's motivation and quality of works submitted will be comprehensively evaluated.</p>
	College of Japanese Language and Culture, School of Humanities and Culture (Japanese Language Teacher Training Course)	<p>We are aiming for students who have wide-ranging interests in the Japanese language and culture, and hope to become Japanese-language teachers and teach Japanese to people in Japan and elsewhere, and who want to attend school or work in Japan or work at Japanese companies.</p>
Students Accepted	From first year	
Number of Students	<p>Healthcare Course, Japanese Language Teacher Training Course: Three students</p> <p>Other courses: Several students</p>

[2] Art Works

Japanese Art and Design Course applicants must upload photos of art works (within 3 pieces) they have created themselves or image files of blueprints or proposals.

If you live in Japan and are planning to take the oral exam at the University of Tsukuba, please bring with you the art works you have submitted as image files, blueprints, proposals, etc.

In contrast, applicants from other than Japan will be asked to follow instructions and show the relevant work onscreen if the individual interview is conducted online.

4. Selection Method

The screening procedure for the entrance examination will be made in two stages: the 1st stage screening (by comprehensively assessing the submitted materials, etc.) and 2nd stage screening. The 2nd stage screening will be conducted on successful applicants in the 1st stage screening. In the 2nd stage screening, a comprehensive decision is made based on oral interviews conducted in Japanese by each course and the information on submitted documents.

(2nd stage screening)

Course	Interview Time	Details
Agricultural Science Course	20-30 minutes	Basic knowledge and understanding of Mathematics, Biology, Physics, Chemistry, etc. and whether the applicant is equipped to apply these kinds of information and understanding to the field of Agricultural Science will be examined. At the same time, your interests and eagerness to study biological resources, and your Japanese language ability will be evaluated.
Healthcare Course	20-30 minutes	With a view to engaging with policy and administration officers of healthcare technology, and education/research related matters, your basic academic ability, learning motivation, and Japanese speaking ability will be evaluated, along with asking you to have a clear motivation for your aspirations.
Japanese Art and Design Course	20-30 minutes	Basic academic skills in art and design and enthusiasm, future prospects, and social nature will be assessed. At the same time, your Japanese language ability will be evaluated.
Japanese Language Teacher Training Course	20-30 minutes	For a Japanese language teacher and to be able to study Japanese language and culture, it will be necessary to evaluate your basic academic ability, learning motivation, aspirations, and acquired Japanese language ability.
